

Sydenham Methodist Prayer Network

NEW PHONE NUMBER

073 9850 1495

For a long time our Prayer Network has effectively operated through people passing on a prayer request via a phone call.

Now we want to offer a Prayer Texting service, where you can text a prayer request, and where you can receive prayer requests through a text. The prayer texts are not intended to take the place of the existing prayer network but to simply offer another way of communication.

The advantages of receiving prayer texts are:

- everyone receives the exact same message at the same time, and
- you don't have to contact anyone else.

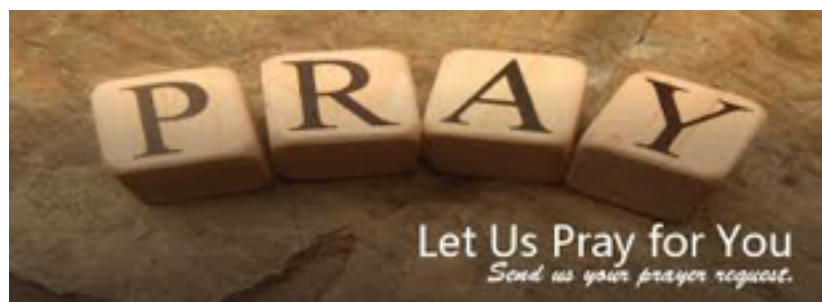

If you wish to join the prayer text network then:

- send a text to the above phone number giving your name;
- if you are already on the Prayer Network inform Jack Boyce that you are changing to receive prayer requests via text, not phone calls (of course you are welcome to remain on the existing Prayer Network but you will then be verbally receiving the same message as you will receive via a text);
- be committed to pray immediately when you receive the text.
- be aware that prayer requests are irregular in that they come as and when they are given.

If you wish to send a prayer request then:

- know that all prayer requests are welcome, especially those that are urgent.
- send a text to the above phone number, or call it to verbalise a prayer request (you may have to leave a message on the voicemail).
- give as much information as you are able and willing to give.
- if possible, at a later date send another text (or call) to give updates (because it is helpful to know how a person is keeping after we have prayed for them).
